Abraham Lincoln Presidential Library

Springfield, IL

The Abraham Lincoln Presidential Library and Museum is a 200,000 square foot complex situated in downtown Springfield. Once completion is finished, the museum will contain 46,000 square feet of permanent exhibits. The STENTOFON® system is used for security with intercom stations located at entry/access points throughout the library.

Ohio State University

Columbus, OH

Ohio State University is currently the third largest university in the United States with 50,504 students enrolled and ranked as the 21st top public college in the nation by US News and World Report. The STENTOFON® AlphaCom system is used in the South Campus Gateway Garage. Security call units are located throughout the parking facility for emergency/security call-in.

Bayshore Mall

Milwaukee, WI

Bayshore Mall is a newly built high-end mall consisting of stores, specialty shops and restaurants located on Milwaukee's North Shore. More additions to the mall are being made with completion expected by 2006. The STENTOFON® AlphaCom system is used for security and emergency response with security call units in all parking areas.

Columbia St. Mary's Healthcare

Milwaukee & Ozaukee, WI

Columbia St. Mary's is an organization with four campuses, 26 clinics, a nursing college and several children's schools. A 100,000 square foot addition was recently added for a new Cancer Care Center. The AlphaCom system is utilized to fulfill the security needs of all visitors and employees with STENTOFON® security call units located in parking areas.

Homeland Security Bioterrorism Lab

Trenton, NJ

After September 11th, Congress responded by passing the Public Health Security and Bioterrorism Preparedness and Response Act. The Bioterrorism Lab was established to respond to acts of chemical or biological terrorism, infectious diseases and other public health threats. The laboratory uses the STENTOFON® system for internal communications with stations used at check-in/reception areas and operating room masters are positioned in all laboratories.
