

STENTOFON 1845 Talkback Horn

Features

- All metal construction
- High efficiency driver
- 10 watt output power
- Excellent mic sensitivity
- Clear audio reproduction
- Adjustable mounting bracket
- Indoor and outdoor use
- 45 ohm impedance

Description

The 1845 is a heavy-duty, outdoor loudspeaker designed for intercom talkback applications. The speaker is designed to operate with an intercom station accessed from a STENTOFON intercom system. It allows additional volume, sound direction, and voice pick-up to cover large areas such as warehouses, parking garages, car lots, loading docks, etc. The #1845 loudspeaker will operate with any intercom system where a 45 ohm loudspeaker is required.
