

## 1067, 1117 & 1119 Power Supplies

### Functional Description

The #1067, #1117 and #1119 are general purpose, low voltage DC power supplied designed to be used with various intercom stations and accessories. They are U.L. approved, with Class II transformers and provide clean DC power. They will either plug into a 110V 60 Hz receptacle directly or with a power cord.

### Technical Specifications
